CLARESHOLM LOCAL NEWS

R. Storey injured his foot while escaping from the Empire hotel fire. His family was under quarantine and he was staying at the hotel for a few days.

Mr. and Mrs. Frank Wall and two children are leaving England for Clareholm on February 20th, where Frank will again go into the ranching business.

"Blind Husbands," bigger than "The Heart of Humanity" plays Calgary first time on February 9th; will be in Clareholm, at the Rex at an early date. Watch the Calgary papers.

At the first meeting of the new board of health O. L. Reinecke was chosen chairman, and E. G. Barber secretary for his third term. E. J. Brock was re-appointed executive officer.

Next Sunday evening, in the Methodist church, Mr. McConkey, of the Agricultural College staff, will give a report of the Students' Volunteer conference, which was held at Des Moines, Iowa.

Weather permitting, a carnival will be held at the Clareholm rink on Saturday evening, January 31st. Prizes will be given for costumes and races. Arrangements are being made for a ladies' hockey game immediately after unmasking. Skating till 11 o'clock. Band in attendance. Everybody welcome. Admission 25c and 15c. Spectators pay also.

A farewell banquet was given by the college students to Principal Stephen on Thursday night. A presentation was made by the students and an address expressing their appreciation of the past happy relations and their wishes for his future success.

Prof. Hooper has been appointed principal of the School of Agriculture. This appears to have been a well earned promotion. Mr. Hooper has been a teacher in the college here ever since its opening, and has always been very popular with the students.

Died, at his home on Friday morning, January 30th, Mr. Norman Lepard. Mr. Lepard had been ill only a few days and his death was unexpected. Cause of death is said to be pneumonia preceded by scarlet fever. The bereaved family have the sympathy of the entire district.

The meeting addressed by C. Roberts, travelling representative of the International Bible Students Association, in the I.O.O.F. hall on Tuesday evening, was well attended and the speaker's statements and arguments were attentively listened to. If we understood the statements correctly, the view held by the followers of Pastor Russell is that the second coming of Christ and the resurrection of the dead is due to take place within a short time as five years. The speaker quoted prophecies and gave interpretations thereof that he held fully supported this view.

A Message for You Men

Attention Men!

Why You Should Go to Sunday School

Your children will profit immensely by your example. The Sunday School is a bigger institution which helps men.

The Sunday School has always needed what men could bring to it in leadership and financial support in order that it might better serve children and youth.

The fraternity of Bible Class men is rich in social fellowship, and abundant in mutual helpfulness. It democratizes men.

In the fellowship of the Bible Class, religion escapes conventionality and wins men by its reality and wholeness. It is a good place to appreciate religion as a practical necessity.

The insistent questions of rights, duties, personal religion and immortality are discussed with the utmost discussion. Busy men need such a form for such discussion.

The community suffers from organized vice in one form or another. Right thinking men must organize to make righteousness dominant in the community. The Bible Class stands for applied Christianity.

The Methodist, Presbyterian and Lutheran Sunday Schools meet at the close of the morning service; the Nazarene Sunday School at 2 o'clock, and the Anglican Sunday School at 3 o'clock.

Heavy Fine Imposed for Illegal Grazing in Forest Reserves

In the Supreme Court of Alberta, the Honorable Mr. Justice Walsh recently gave an important decision which will be of much interest to those ranchers who graze stock on the forest reserves. The Department of the Interior, through the local forestry branch officials, sued John S. Nelson of Meadow Creek, for the penalty provided by Section 55 of the Regulations of Dominion Forest Reserves. This section states that the owner of stock grazing on a forest reserve without a permit shall be liable to at least four times the regulation dues unless it can be established that the trespass was made without wilful intent, in which case at least double dues shall be charged.

The defendant denied that his stock grazed on the forest reserve, but so much evidence was produced by the Department to establish the trespass that counsel for the defense relied chiefly

upon immunity under the Alberta Fence Ordinance. This Ordinance states that no action for damages caused by domestic animals can be maintained unless the property is surrounded by a lawful fence. The forest reserves are not fenced.

Chas. F. Adams, K.C., of Calgary, who appeared for the Department of the Interior, argued that this section of the Fence Ordinance does not apply to Dominion lands within the province and further pointed out that the Department was not bringing an action for damages but that it was suing for a penalty provided by Government Regulations.

Mr. Justice Walsh agreed with these contentions and gave judgment for the Department of the Interior stating that in his opinion the Fence Ordinance does not apply to the forest reserves. The Ordinance, he pointed out, was intended to govern the conduct of individuals between themselves with respect to their property, and does not apply to the Crown. Judgment was given against Mr. Nelson for \$200.00 and costs which were particularly heavy, the witness fees alone amounting to almost \$400.00.

THE CLARESHOLM, B.C. CUBES

Camouflage

During the progress of the Great War a new word became incorporated into the vocabularies of the English-speaking people—the word "camouflage." It is a word denoting deception, the making of things to appear what they are not, the art of disguise. So we had ships with dummy funnels and masts and painted to look like the real thing, and it was difficult to tell whether there was one ship or two, and whether it was moving east or west. Bombs were dropped so that it was difficult to say whether it was the air which they sailed or not. Guns and airplanes were hidden in such a way that it was difficult to say whether it was the air which they sailed or not. Guns and airplanes were hidden in such a way that it was difficult to say whether it was the air which they sailed or not.

Unfortunately, there is no much practice of camouflage in the everyday business of life. It permeates everything, and men, and women, too, who would not for one moment stoop to the telling of a lie, or the perpetration of an openly dishonest act, work at and acquiesce in a species of camouflage with the intention of deceiving and promoting something else.

In the realm of sport it is even less truthfully indicated. For example, in connection with professional baseball there is an understanding in the Western League that certain players shall not be exceeded by any one team, yet it is exceeded, the team management, camouflage, in payments to players by means of fees. Hockey is supposed to be an amateur sport in the West, but it is an open secret that the clubs have been outbidding each other in order to secure exceptionally good players. In law, witnesses are sworn to tell the truth, the whole truth and nothing but the truth, yet questions are put to witnesses artificially designed to suppress the whole truth and allow to convey an intentionally wrong meaning.

The church is declared to be founded on truth, yet conditions of life are so camouflaged from many a public that people are deceived and a worldly, crooked impression conveyed.

Much of our accepted form of political tactics is nothing more than camouflage. Men are found denouncing the party form of government while engaged in the attempt to form another party in which they and their views will find more cordial acceptance than was accorded them by existing parties. Parties and individuals in opposition demand patronage, and proceed to practice it when they succeed to office. The most outspoken denunciations frequently must sugar prefer after miles and positions of honor. Scores and hundreds of men today openly advocate truth-telling, but secretly vote against it, or connive at its violation when an attempt is made to enforce it.

Throughout the world, where business that art of camouflage is practiced. All kinds of devices are employed by the profiteer to cover up his personal profits, mounds are watered, amounts written off as depreciation without warrant, capital expenditures treated as legitimate current costs of doing business, reserve funds created for purposes to which they will never be put. Working men advance high costs of living for wage demands out of all reason, the increased living expenses often being the result of waste and extravagance in living. Farmers demand the application of certain principles in the marketing of wheat, but when, as a result of a temporary change in conditions, they are forced to lose, they denounce the very system they advocated and charge that it was devised to advance other interests than their own. Advertising is often nothing more or less than camouflage, and this is particularly true in connection with advance notices of theatrical productions, the flotation of mining and other companies, and similar propositions.

Tobacco Grown In Southern Alberta

Success This Year at Experimental Farm Near Lethbridge.
Cigars made from tobacco grown in Southern Alberta recently distributed at a dinner of the Rotary Club at Lethbridge. The tobacco was grown on the Dominion Experimental Farm near Lethbridge last summer. Seed of a cigar variety was obtained from Ottawa, and planted last spring under glass. Between fifty and sixty plants were afterwards transplanted in a sheltered spot in the open. They grew a prolific foliage, which was gathered early and cured, and a very good cigar leaf obtained.

Mr. W. H. Fairfield, the farm superintendent, is not at present making any pretence to the commercial possibilities of tobacco grown in Southern Alberta, but intends to carry the experiments further during the coming season.

Waiting works wonders; if you keep busy, they wait.

WHEN NEURALGIA ATTACKS NERVES

A little application of this liniment will penetrate immediately, and soothe the nerves.

It is a big bottle always on hand for family use. Druggists everywhere sell it for 25c. 50c. and 1.00.

Sloan's Liniment

Keep it handy.

Why Germany Steps
Germany's stepping upon the rights of other nations is a serious matter. She will step upon the rights of other nations, and she will do so to dissolve the close association of America and the allies. If the separation comes, Germany's future course of action will be to prepare for revenge can be safely begun.

Of Germany's plans for revenge, the world is not ignorant. The world has seen the war-grown democracies of Europe—Munich, Berlin, etc.

Faint and Dizzy Spells, Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, the weakness, the nervousness, the smothering sensations, weak, sickish, or dizzy feelings, coming on suddenly.

Many men and women become rundown and worn out when otherwise they could be strong and healthy. It is not really any more than the first sign of heart weakness.

It is not really any more than the first sign of heart weakness. It is not really any more than the first sign of heart weakness. It is not really any more than the first sign of heart weakness.

Price 50c. a box at all druggists or mail order direct on receipt of price by The J. M. Williams Co., Limited, Toronto, Ont.

U. S. Settlers Expected

Big Influx Is Looked For In West During 1920.
An unusual influx of farm settlers is expected in the western provinces in 1920. Over 50 per cent of the farm settlers who came to Canada in 1919 were from the United States and Americans will form a large percentage in 1920. One reason for this accelerated rise in the value of farm land in the middle western states, the average price in the price of farm land in the West last year was \$100 an acre and the total increase in farm valuations is over a billion dollars.

A man may save money, but he need not hope to be saved by money.

British Columbia's Great Mineral Wealth

The Mineral Resources Which Lie Practically Untouched in British Columbia.

Mr. Charles R. Hosmer, a director of the Canadian Pacific Railway and the Bank of Montreal, told in an interview with the Victoria Colonist: "Canada faces the future with confidence. Its mining resources are the backbone of the country, never was in a more satisfactory condition. This is also true of its leading industrial companies. They have been and during the last few years to fortify themselves against any setback that is likely to occur."

"We hear much of Canada's undeveloped resources, of its pulp and paper, of its wonderful water powers which make these resources available and profitable, also of the steel, iron and shipbuilding industries on the Atlantic coast, and of its great north-western lands, where an enormous increased production of hard wheat is possible and which is in the world over, but we hear very little of what seems to me to offer the greatest possibilities of all, and that is the mineral resources of the greatly untouched in British Columbia."

"The geological map, I believe, indicates that there exists a larger mining area in British Columbia than there is in either of the great mining centres in the United States to the west of the Rocky Mountains. These territories to the south, which are practically bordering on British Columbia, there is, perhaps, ninety per cent of the developed resources of the United States, while in Alaska there are also very large and profitable mining operations, and that British Columbia is not far behind in relative share. I am sure, is due largely to the fact that we have lacked the capital to develop our resources."

"Within the last year new methods of treating the ores of British Columbia have been in successful operation, which promise in a short time to make this province one of the leading ore and metal producing countries of the world. Similar methods are being similarly applied to the gold mines in the Rossland district, which will decrease the cost of production and will increase the output of the precious metal, which is so much feared from an all-world point of view."

To Fortify the System Against Grip Take LAXATIVE BROMO QUININE Tablets which destroy germs, set a tonic and laxative, and thus prevent Colic, Grip and Indigestion. There is only one BROMO QUININE. E. W. Groves, Sole Importer on the Coast.

Priest Albert's Progress

Bank Clearings Show Greater Percentage of Increase Than Any Other Western Canadian City.

The progress of Priest Albert, Saskatchewan, which was by bank and month by month has been recorded in the bank clearings during the past year, was a consistent, steady growth, and was maintained from any other city in Western Canada.

During 1919 the Priest Albert bank clearings totalled \$2,574,160, an increase of \$722,146 over 1918, or thirty-one per cent. The only other city in the west showing an increase over 20 per cent was Edmonton, which recorded 22 per cent. Saskatchewan's increase was 13.8 per cent. Regina 10, and Moose Jaw 9 per cent.

The financial post, commenting on the remarkable showing of Canadian cities, points out that while the increased figures are in some extent due to the decreased purchasing power of the dollar, yet the size of the increase indicates definite commercial and industrial expansion, and totals of the Dominion are four times greater than twelve years ago, three times greater than ten years ago, and double the total eight years ago, so that the advance is definitely placed on material progress and prosperity.

Minard's Liniment Cures Colds, Etc.

Farmers ask for a fair deal and no love in the opportunity to enter the export market. The coordinated work of producer and packer will attain this, and the farmers will be satisfied if not shaken by outside interference.

It is a much better crime in China to steal a neighbor's cow than to steal his dog. The farmer is simply personal property, while the latter takes the place of a man—a watchman.

Matches have not yet displaced the tinderbox in certain rural streets of Italy and Spain.

Turkey Talks of Peace With Dignity

Sultan Declares Reverses of War Cannot Ignore Nation's Rights

Turkey's right to political existence is upheld in an address issued to the people by the Sultan. He expressed that the peace to be concluded with the entente powers will be one of dignity and will result in the retirement of allied forces, who are at present holding portions of the empire.

"Right demands everything and nothing can destroy it," the address declares. "The reverses of war cannot injure a nation's right to political existence as long as its legislative and executive functions maintain close collaboration and unite their efforts toward safeguarding the rights and interests of the state. I hope it will be possible by divine grace to secure a peace safeguarding the unity of our empire, just well as the honor and dignity of the nation, and assuring the deliverance of our invaded provinces."

"I appeal to parliament to support the government so that measures intended to repair the effects of war may be carried out, that all branches of administration may be reformed, and that the guarantees of the rights of the nation may be respected. The need of most rigid economy is emphasized by the Sultan."

AN EXCELLENT MEDICINE FOR LITTLE ONES

Baby's Own Tablets are an excellent medicine for little ones. They are a mild but thorough laxative which sweeten the stomach and regulate the bowels, thus bringing relief in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. L. J. Chasson writes: "I have written you so often about Baby's Own Tablets excellent for my young baby in the case of constipation and cold and it gives me great pleasure to recommend them to a host of mothers. I have had 23 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Prize Winning Wheat

Champion Wheat Growers Compete at Saskatoon Seed Fair.

Some remarkably good exhibits are being shown at the Provincial Seed Fair at Saskatoon, Sask. Wheat, oats, barley, fax, potatoes, alfalfa and other crops are on display.

What is the growing of prize winning wheat is not confined to one or two farmers in the province. It is growing in the hands of A. N. Campbell, of Avonlea, in carrying off the championship trophy.

Among the previous winners of this trophy are Paul Gerlach, of Allan, Sask., and Seager Wheeler, but so keen is the competition that nobody has succeeded in winning the trophy two years in succession.

There are times when a charitable heart can do more good than a charitable hand.

Temping the Fates
"Do you know that Mabel has refused Jack four times?"
"Mercy! If she keeps on like that much longer he'll think she means it!"—Boston Transcript.

The word which is variously spelled as "ketchup" and "ketchup" is a corruption of the Chinese word "kai-jap," the name given to an inferior kind of soy in China.

A little more than a century ago, in 1800, laws were passed by the British parliament which imposed very heavy penalties on any who conspired to raise wages.

No young man is quite as good as his best girls think his picture to be.

How I Cured My Rheumatism

BY PETER SAVALA

I threw away my crutches in seven days. In two months, I was a man. I tell you how I cured my rheumatism. I have been a sufferer from rheumatism since this time of the year, when I was a boy. I was a sufferer from rheumatism since this time of the year, when I was a boy. I was a sufferer from rheumatism since this time of the year, when I was a boy.

I tell you how I cured my rheumatism. I have been a sufferer from rheumatism since this time of the year, when I was a boy. I was a sufferer from rheumatism since this time of the year, when I was a boy. I was a sufferer from rheumatism since this time of the year, when I was a boy.

TERRIBLE TRAIN WRECK
NEAR NORTH BAY

North Bay, Ont., Jan. 25.—At least eight are dead and a large number injured as a result of the worst train wreck in the history of this division of the Canadian Pacific railway, which occurred at Corbell, about eight miles east of here this morning. Number 1, Canadian Pacific express, from Vancouver, due here at 10 a.m., was running in two sections. No. 1 section became stalled owing to failure of the engine to make steam under the corbion of severe frost obtaining, and No. 2 section came around a curve on it, the locomotive of No. 2 section plunging through the rear coaches of No. 1 section.

When the first section was stalled its crew went back along the track and fixed torpedoes to act as a warning to the second section. The members of the crew of the second section report that they did not hear the torpedoes, and their train ran into collision with the stalled train.

HOCKEY

A closely contested hockey match took place on Friday between Clareholm and Staveley. The ice was in a wretched condition, but there was some play on both sides. The score stood 3 to 6 in favor of Clareholm. Allen, of the visiting team, did some splendid defense work at the goal and kept down the score.

The line up was—
Clareholm: Staveley
L. Moffatt Goal Allen
L. Clark Defense
A. Amundsen Jenkins
H. Soly R.W. Brownfield
J. Amundsen L.W. Strangfield
E. Soly Center M. Hare
Fairbairn Rover Malchow

Government Will Furnish Seed

The following letter has been received from J. D. Smith, Superintendent of the Seed and Weed Branch, Department of Agriculture, Edmonton:

Dear Sir:—In reply to your letter of recent date, and in view of the fact that I am instructed to say that distribution will be made to the farmers who have been through drought last year on the following plan: The Dominion Department of Agriculture will

E. W. BEATTY, K.C., President C. P. R.

who is touring the western lines in connection with big expenditures for improvements which are to be made this year.

furnish seed to homesteaders who have not secured patent to their lands, and the Provincial Department to those who hold patent to land, taking in each case a lien on the land on which seed is loaned. Agents of the Provincial Government will take the applications for both Provincial and Dominion advances, and will be sent to the principal points in the various districts which require assistance, remaining at such points a sufficient time to enable all who wish to meet them. Notice will be given through the local papers of the time when agents will begin work. No application forms will be sent out in advance, but persons who require assistance can write direct to the Seed and Weed Branch, Department of Agriculture, Edmonton, giving the correct description of their land, the amount of seed required, and stating whether they hold patents or are homesteaders. If renters or those holding land on agreement of sale, the owner of the land must either sign the lien or give the person who receives the seed a power of attorney to sign in his stead. Such power of attorney form will be sent on request to those needing same.

Persons needing seed who can buy in their own locality should make arrangements to do so, and orders will be given to the persons they buy from in payment of same, but no orders will be given until all necessary papers are properly completed by the agents of the Department. Municipal Districts the work of distribution will be entirely in the hands of the Municipal officers and all applications or requests should be sent direct to them. The Provincial Department will only act in the unorganized districts. Persons farming on land purchased from the Canadian Pacific Railway Company, who do not hold patent to their land, should apply to the said Company for their seed requirements.

Yours truly,
J. D. Smith,
Superintendent.

AIR GUNS

Owing to the large number of boys seen on the streets lately in possession of air guns it would appear that they are being sold. The Town Council are determined to cause the practice of selling air guns to be stopped. Boys playing with air guns in the streets to cause and parents, guardians and others should carefully note the following provisions of the Criminal Code of Canada:

Sec. 119 provides that every one is guilty of an offence and liable to a penalty of \$50.00 who sells any pistol or air gun or any ammunition thereof to a minor under the age of 16 years unless proof is produced that there was good reason to believe the minor was not under the age of 16.

Sec. 122 provides that every

one who without lawful excuse, points at another person any firearm or air gun, whether loaded or unloaded, is liable to a penalty of not less than \$10.00 or not more than \$100.00 or to imprisonment for a term not exceeding 30 days with or without hard labor.

**"What Phonograph Shall I Buy?"**

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question?

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON

"The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep--which one you think you would enjoy hearing as much five years from now as you do to-day.

Be your own salesman. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without obligation on your part.

Claresholm Local News

Thos. Moore has been appointed manager of 44 Ranch.

John Wall returned from Inland on Friday morning.

Professor Stephen and family left on Friday morning for Calgary.

L. Johnson and Herb. Storey are visiting in town for a few days.

Mr. and Mrs. Sam Hunter are reported to be down with pneumonia.

T. C. Milnes left on Friday morning on a business trip for a few days.

A number of young folks attended the dance at Granum on Thursday night.

W. B. Rogers of Toileid is the purchaser of N. Holmes' general store at Granum.

Daniel Maxwell left last week for Portland, Oregon, to engage in the auto business.

The Sacrament of the Lord's Supper will be administered next Sunday morning in the Methodist church.

W. G. Moffatt gave a piano recital and lecture on Folk Music before the Fortnightly club at Macleod on January 23rd.

The college boys and the town hockey team played a match on Thursday afternoon, the town boys carrying off the laurels.

Born, to Mr. and Mrs. Frank Wall a daughter, in England on January 3rd. At last report all three are getting along fine, especially Frank.

Miss Hutchinson of the college staff was called to Edmonton this week owing to the serious sickness of her sister with sleeping sickness.

Mrs. J. A. Harrison and son Clarence left on Monday for Bshaw to visit relatives for a few weeks. They expect to stop off at Edmonton and other points.

"The Man in the Open," starring Dustin Farnum, which was substituted for "In for Thirty Days" at the Rex on Monday and Tuesday, was one of the top notchers.

"Blind Husbands," bigger than "The Heart of Humanity," plays Calgary first time on February 9th; will be in Claresholm, at the Rex at an early date. Watch the Calgary papers.

The weather is beginning to look spring-like. The warm chinook winds of Wednesday and Friday were very welcome after the severely cold weather of the previous ten days.

A dance in aid of the soldiers' memorial fund will be given under U. F. A. auspices at Carleton Place on Friday night, January 6th. A good time is sure to all who come.

"Oh! the light that lies in woman's eyes; and lies and lies and lies." So Jim of the rangers said to the treacherous Rosen in "The Rider of the Law" at the Rex Saturday, January 31st.

The Boys' club had a lantern lecture on Thursday evening which was much appreciated. The subject was the Sunny South. They are to have another on February 12 on Newfoundland and Labrador.

The W. C. T. U. were delighted with the visit of Mrs. Edwards from Macleod last Thursday. She gave a very interesting address on the laws of Alberta as they relate to women. There was a good attendance.

Jim of the rangers was torn between duty and family affections. He found his half brother stealing gold ore and arrested him. See Harry Carey as Jim in "The Rider of the Law" on Saturday January 31st, at the Rex.

Prof. Longman has recently been appointed on the college staff as head of the field husbandry department. Prof. Longman was one of the first teachers in the college and since leaving here he has taught at the Olds college as well as farming in Manitoba for the past two years. Mr. and Mrs. Longman arrived in town on Friday night. Mr. and Mrs. Barber are delighted to have their daughter so near home again.

Wharton--Larsen

On Wednesday afternoon, at the home of Mr. and Mrs. T. C. Larsen, their daughter, Ida Carlina, was united in marriage to Mr. Roy Wharton of Westlock. A little after three o'clock the bridal party entered the parlor to the strains of Battmann's wedding march which was played by Miss Lorine Torgerson. The groom, supported by Mr. F. A. Larsen, the bride by Miss Olga Smedstad. After the ceremony, which was performed by the Rev. F. Wm. Locke, the guests, about twenty in number, sat down to a delicious dinner. On Friday morning Mr. and Mrs. Wharton left for their home in Westlock. They will carry with them the best wishes of all who know them.

Presbyterian Annual Meeting

The annual meeting of St. Andrew's church was held on Wednesday evening. Reports from all organizations and officers showed everything in a very satisfactory condition.

The Board of Managers was chosen as follows: For one year--W. Knight, Dr. McMillan, K. E. Moffatt. Two years--N. Holmes, G. Simpson, D. S. Morrison. Three years--T. C. Milnes, Mr. Reid, J. F. Reynolds. W. Knight was re-elected superintendent of Sunday school.

Lutheran Services

Sunday, February 1st: Divine worship at Claresholm 11 a. m. and in the Clear Lake school 3 p. m. Sunday school following the morning worship.

A hearty welcome to these services. H. G. Fatland, Pastor.

Neidpath Farm
Near Stratford, Ont.

Dear Sir:—

The Delco-Light Plant you sold me to light my farm has not only given us the pleasure and convenience of electric light in all our buildings, but it is rapidly paying for itself in the work it does.

It would be a good investment for us aside from the lighting altogether. So far, we have found 16 jobs for Delco on our farm, and we are constantly finding new jobs for it. We are using power from Delco-Light to run:—

- | | |
|-----------------------------|--|
| (1) 3-unit milking machine. | (10) Vacuum cleaner. |
| (2) Cream separator. | (11) Electric iron. |
| (3) The pump in the dairy. | (12) Toaster. |
| (4) Root pulper. | (13) Charging batteries on our motor car. |
| (5) Emery stone. | (14) Pumping water for house-hold use. |
| (6) Horse clippers. | (15) Lighting our home, stable, outbuildings and yard. |
| (7) Sheep-shearing machine. | (16) Violet ray generator. |
| (8) Fanning mill. | |
| (9) Washing machine. | |

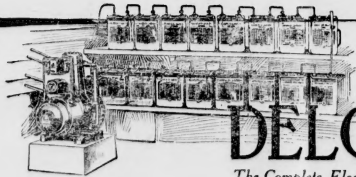

We have never figured this work down to so many hours per day, but we do know that we can operate the farm with one less man than we used to. Figure out the wages and board of a farm hand and you can see what the Delco-Light plant saves us.

We used to run a gas engine on the miller and cream separator, at a cost of 10 cents a day. Our Delco-Light plant supplying light and power for the whole farm costs only 7 cents a day.

It would not only be a harder proposition to run our farm without Delco-Light, but it would cost us a lot more money. We have no hesitation in recommending any farmer to harness up his farm to Delco-Light.

Yours truly,

(Signed) *W. W. Ballantyne*

The Domestic Engineering Co., Dayton, Ohio
Makers of Delco-Light Products

DELCO-LIGHT
The Complete Electric Light and Power Plant for Farms

The man who considers Delco-Light something that he will buy — when he can afford it — should heed this strong letter from Mr. Ballantyne. It costs more money to farm without Delco-Light. Can you afford, then, to delay equipping your farm with light and power?

Exclusive Delco-Light Features

Where there is a boy on the farm, he can look after this simple plant. These features insure care-free, long-lasting service for you.

It is direct-connected. There are no belts to slip, break or be replaced.

It is self-cranking. Pressing down on a lever starts the engine and it stops automatically when the batteries are charged.

It is air-cooled. There is no water to carry, to freeze or to boil away.

There is only one place to put oil. There are no grease cups. A simple mixing valve regulates the fuel supply. There is no complicated carburetor.

Ball and roller bearings cut down friction and increase efficiency.

Thick-plate batteries are long lasting.

75,000 Delco-Light plants are operating in Canada and the United States. This in itself proves the practical nature of the plant. Let us put you in touch with some of these people.

You owe it to yourself and your family to learn what Delco-Light will do for you. As a start toward greater comfort and larger profit, ask us to send you the Book "Pays for Itself," written by practical farmers.

The Youth's Companion Home Calendar for 1920

The publishers of The Youth's Companion will, as always at this season, present to every subscriber whose subscription is paid for 1920 a calendar for the new year. The tablets are printed in red and dark blue, and besides giving the days of the current month in bold legible type, give the calendar of the preceding and succeeding month in smaller type in the margin. It is a rich and practical piece of work.
